

### Information for referrers

#### Step 1

The referral form below is to be completed and signed by the referrer. Upon completion, we request that either the referrer or the patient email the referral form to [ovulationtracking@genea.com.au](mailto:ovulationtracking@genea.com.au) or fax it to (08) 8212 0335.

#### Step 2

When the patient is ready to start, they should call our ovulation tracking coordinators at 1300 117 698 on days 1 to 3 of their period. Full instructions on the next steps will be provided to the patient at this time.

#### Step 3

The patient will progress through the ovulation tracking process before a summary of results is provided to the referrer at the end of the three cycles or earlier if pregnancy occurs. FertilitySA offers three tracking cycles to ensure the best possible chance of success.

Further information about the service can be found on our website at [fertilitysa.com.au](http://fertilitysa.com.au)

**\*All mandatory fields must be completed.**

### Referral for ovulation tracking and/or fertility assessment

Three cycles at no out-of-pocket\* cost

#### Patient details

\*Patient's given name:

\*Patient's surname:

\*Kindly provide the patient's name exactly as it appears on their Medicare card

\*Date of birth:

  

\*Medicare number:

\*Medicare reference number:

\*Home address:

\*Email address:

\*Mobile number:

#### Regarding partner

Partner's name (if applicable):

Partner's mobile number:

#### Refer to

(Preferred Genea Fertility Specialist):

#### Requesting referrer details

\*Requesting referrer's name, address and provider number:

Ovulation tracking cycle summary reports are sent to the referring doctor via email only. Please provide your email address:

I understand that if my patient does not achieve a positive pregnancy result after three cycles, they are offered further investigation through a consultation with a FertilitySA Fertility Specialist. If a preferred Fertility Specialist is not requested above, one will be chosen in consultation with the patient.
